Eleven (11) Units 6TB Hardware Drive and Ten (10) Units 10TB Hardware	Can the Bidder offer a higher maximum transfer rate capacity?	The concern is authorized; however, the End-user encouraged the Bidders to submit additional proposal on the features which will be reviewed by the End-user.

	Does it matter if the brochures come from other countries?	It does not matter. What is important is the assurance that the product can be provided by the Bidder.
	Additional Requirement	-Manufacturer's Certificate and Authority to Bid for the Bidder. -Manufacturer's Warranty Certificate for the units to be offered. -Manufacturer's Certificate of Availability of Parts for the next 3 years for the units being offered.
