NATIONAL PRIVACY COMMISSION

TECHNICAL SPECIFICATION  
TOKENS

(APP Item No. 2021-0237)

I. BACKGROUND

The National Privacy Commission (NPC) Strategic Plan 2018-2022 is an integral part of the Philippine Development Plan 2017-2022. It is consistent with the 0-10 Socio-economic agenda of the Duterte administration, and the development pillars of *malasakit* (protective concern), *pagbabago* (change or transformation), and *kaunlaran* (development), and the vision of *Ambisyon 2040*. This plan factors in commitments to the global community as embodied in the 2030 Agenda for Sustainable Development, specifically during this period when there is an eminent threat of the Covid-19 pandemic.

According to 16 August 2022 DOH Covid-19 tracker, a total of 2,633 more people were infected with the Covid 19 virus bringing the total number of active cases to 36,190. Metro Manila, in particular, is in the lead with 15,685 cases during the last 14 days. As the country continues to respond and recover with the Covid-19 pandemic, the NPC has sustained its efforts to protect the personal information of data subjects while supporting the digital initiatives boosted by the crisis and navigate toward a new and better normal. The Department of Health (DOH) and the NPC jointly released a Joint Memorandum to help both parties prepare for future challenges and help them emerge stronger from the crisis.

Moreover, through various advocacy campaigns and activities and concentrating on seven strategic objectives such as (1) empowered data subjects, (2) enabled data privacy resilience of stakeholders, (3) ensured world class data privacy standards established in the country, (4) strengthened regulatory and enforcement services, (5) effective and efficient systems and processes, (6) ensured efficient and effective financial and logistical resources, and (7) motivated, rewarded and competent staff, the Commission has increased public awareness and knowledge on the Data Privacy Act (DPA) from 13% in 2017 to 25% in 2021.

Given these accomplishments, the NPC is cognizant of the need to focus on government digitization for the Philippines to be in the forefront of 21<sup>st</sup> century governance. In order to hasten and sustain social and economic recovery while setting

the foundation of building resilience, the NPC has succeeded in strengthening consumer protection and managing digital technology risks.

As the Philippines shifts into the new administration, the Commission shall craft its 2023-2028 Strategic Plans aligned with the Philippine Development Plan. The Marcos Administration's eight-point Socioeconomic Agenda is aimed at achieving this administration's goals of bringing down the poverty rate to a single -digit and elevating the country's status as an upper-middle income economy. NPC needs to understand its current position, where it is headed and actions to be done which will require significant investment in the formulation of medium to long term plans.

To this end, the NPC aims to conduct a Strategic Planning session which will define the strategic vision and mission of the NPC for the years 2023-2028. It will also identify long-term Gender and Development (GAD)-related plans, determining internal strengths and weaknesses, as well as goals and considering external opportunities and threats.

## **II. OBJECTIVES**

### **A. General Objective**

This activity aims to develop the National Privacy Commission's Strategic framework and plans for years 2022-2028.

### **B. Specific Objective**

At the end of the three-day strategic planning, the participants will be able to:

- assess the overall performance of NPC from 2018- 2022;
- identify the factors that affected NPC's performance from 2018-2022;
- analyze the current situation of NPC;
- revisit and update (if necessary) the NPC's vision-mission; and
- recommend NPC's strategic directions for the next six years, i.e., 2023-2028
- formulate GAD Objectives and GAD Plans and Budget for FY 2023
