NATIONAL PRIVACY COMMISSION

SCOPE OF WORK SERVICE

Event Production AVP System Rental
(APP Item No. 2023- 0067)

I. BACKGROUND

Since 2018, the National Privacy Commission (NPC) has been leading the national celebration of the Privacy Awareness Week (PAW) in the Philippines every fourth week of May - gathering thousands of privacy professionals, advocates, and academic experts to explore the latest developments in the field of data privacy, as well as pertinent innovations, insights, and best practices, in anticipation of emerging challenges and opportunities.

With the success of PAW and our campaigns targeting Personal Information Controllers (PICs) and Personal Information Processors (PIPs), awareness of data privacy and compliance has increased in the business sector. However, to truly achieve a culture of privacy in the Philippines, the same level of awareness should be present in data subjects.

Based on the survey entitled *Quantitative Study on the Public's Awareness, Practices, and Perception with Respect to Data Protection and Privacy Issues*, conducted by the Philippine Survey and Research Center Inc. in 2021, only 25% of Filipinos know about the Data Privacy Act of 2012 (DPA) while 75% was only made aware at the time of the survey. Furthermore, only 10% of Filipinos know about the National Privacy Commission despite being established in 2016.

The survey also concluded that our campaigns on data privacy least penetrated socio-economic classes D and E. At the same time, ABC is already aware of the importance of data privacy and its rights. This result is supported by previous data privacy violations we encountered where middle to low-income classes are the frequent targets and victims of scams, fraud, and other crimes involving the unlawful processing of personal data.

II. OBJECTIVES

With the Commissions' intensified regulatory campaigns aimed to increase awareness of data subjects of the existence of the NPC and the efforts it has made the in past two years to ensure personal data privacy and data protection. Specifically, to:

1. Introduce the National Privacy Commission and highlight the transformations and innovations it has implemented as the regulator for personal data privacy and advocate of data protection.
2. Update the Public on the 2023 initiatives of the Commission.
3. Deliver updates on enforcement, policy, data security, privacy technology, compliance, and current best practices.
4. Inform and guide data subjects on how to best protect their personal data in this 4th industrial revolution.

III. SCOPE OF WORK

The NPC requires Audio/Video System equipment rental, full event production, and technical expertise for the conduct of the National Data Privacy Awareness Week 2023 to be held on 25 May 2023 in Metro Manila.
