TECHNICAL SPECIFICATIONS

MOA SIGNING / PROJECT LAUNCHING - TOKENS (DSPQR 2023-0026)

I. BACKGROUND

In recognition of the significant synergies and complementarity of working together towards a harmonized approach in performing their respective duties, functions, and mandate, the NPC and DICT have agreed to formalize their intersecting mandates to promote and protect data privacy and consumer rights of the Filipino people to render more effective and efficient public service. The two agencies agree to collaborate, cooperate, and jointly commit in implementing the Digital Security and Privacy Quick Response Project within the jurisdiction of the NPC to guarantee the continued protection of every citizen's right to privacy by ensuring the speedy disposition of complaints filed before the concerned agencies.

The primary objectives of the campaign are to raise awareness about the Digital Security and Privacy Quick Response (DSPRT) Program and establish it as a reliable and efficient solution for addressing cybersecurity and data privacy concerns. The campaign aims to educate individuals and organizations about the program's existence and highlight its effectiveness in dealing with privacy panics and cybersecurity threats. By promoting the program's features and benefits, the campaign strives to encourage individuals and organizations to report any privacy or cybersecurity issues they encounter to the program.

To kick off this initiative, it is recommended to host a launch event designed to ignite excitement and capture extensive public attention. This event should include the participation of crucial stakeholders, community leaders, and representatives from local media outlets.

II. OBJECTIVES

This procurement aims to execute the event seamlessly, elevating the quality of engagement and communication to achieve maximum impact and effectiveness.
